

Model F2001

Chassis n° 215

Carbon fiber and honeycomb composite structure
Longitudinal gearbox
Limited slip differential
Semiautomatic sequential electronically controlled gearbox
Number of speed 7+ reverse
Ventilated carbon disc brakes
Independent suspension , push-road activated
torsion spring front-rear
Length 4.445mm
Width 1.796 mm
Height 959 mm
Wheelbase 3.010 mm
Front track 1.470 mm
Rear track 1.405 mm
Weight (with lubricant and driver) 600 kg
Wheel model 13 "

Engine n°

Type 050
Number of cylinder 10
Number of Valves 40
Total displacement 2.997
Magneti Marelli digital electronic injection

Results in 2001 season

1° Australia 2002 M. Schumacher
3° Malaysia 2002 M. Schumacher
